

SEPTEMBER 2017

Good Morning

September is a great time for home grown produce and there is some glorious summer fruit from mainland Europe. Schools, Universities all return so lots of demand for good local English produce, Autumn is a great time for produce – new potatoes, cauliflower, savoy, carrots, parsnips, broccoli, courgettes, red and white cabbage all very good quality and price, nice washed baby mid potatoes, English onions, also the early Scottish berries really good quality. Salad Iceberg, cucumbers, tomatoes, herbs all local and fresh. Remember if its fresher than ours its still growing!! We have also retained our BRC with the highest score achievable 2 A's so well done to all our staff.

“ Talk to us, we'll listen, we'll learn, we'll try to get things just right”

Kind Regards

John Plant
