

MAY 2018

Good Morning

We are getting reports that due to the very wet weather and late snowfall planting in the UK and Europe are approx. one month behind this will affect prices in the early Summer, but as I have said before nature as a great way of catching up, let us hope we get some sunshine to put warmth into the earth. We can look forward to more English produce coming forward, summer cabbage, purple sprouting broccoli, cauliflower, Dutch produce, peppers, cucumbers, tomatoes, strawberries, the first Cornish new potatoes coming at the end of the month and English Iceberg towards the end of May, this of course is all dependant of the weather. We have a great range of tinned produce and fruit juices please ask for the prices we are very competitive and we are stocking the blue rolls for hand drying in kitchens the price is very competitive. We also stock over 200 different cheese, yoghurts, morning goods and all types of bread ect. Please ask for prices plus a wide range of dairy products.

"The person you took for granted today, may turn out to be the person you need tomorrow, be careful how you treat people".

John Plant MBE

Managing Director
