

AUGUST 2018

Good Morning

Well I have always said that you never learn the Fruit & Produce business, and as this Summer is proving again with the dry weather, this will make vegetables and certain salad products expensive towards the end of the year, but with the wet Spring and the hot Summer it will make English fruit very plentiful so it is not all bad news. Celery will be short but courgettes like the dry weather, large Jacket potatoes will be expensive but our carrot supplier as told us he will be able to supply us from next week that is three weeks later than normal. Salad is OK with lots of Spanish and Dutch available. As usual nature will sort itself out, but we pay all our growers within 28 days, so we are assured of our supplies. Hope you enjoy the Summer and remember if there is anything you want to ask about products or good buys please contact us.

“No one sees how much you do for them, they only see what you don’t”.

Kind Regards

John Plant

Managing Director MBE
