

MARCH 2019

Good Morning

What a lovely morning as I write this! So different to this time last year, with all the bad weather which caused us all the problems which we are still feeling the effects from, mainly potato shortage and ridiculously high prices. If this weather continues things will get back to normal prices later on in the year. I was in Spain last week on a Summer buying trip and things are looking good for supplies, of course Brexit looms up on the 29th March, but we are organised to get our regular supplies. All our growers and suppliers put us on the top of their supply list because we have been around 118 years and we always pay up front! We are still getting local cauli and broccoli lots of good salads and fruit and with Easter being late this year we expect prices to be reasonable. Remember fruit and produce and salads are still the cheapest food and even cheaper if you buy from GW Price. Please follow for all news of products, staff, specials and seasonal items on Instagram [gwpricefruitveg](#) and give us a like and on facebook [G.W.Price Ltd](#) please follow and like.

“Come lay with me for hours so we can talk thousands of nothings while it means millions of somethings”

Kind Regards

John Plant MBE

Chairman
