

MAY 2019

Good Morning

2 Bank holidays in May so lots of business especially if the weather is good. All English produce and salads are growing well, early new potatoes are returning good samples and heavy crops, the Dutch season has started well. Lots of good salads, the English Iceberg will be available from the middle of May. So on the down side fuel costs continue to arise and of course we have another wage rise to absorb but hey ho as I write this it's a lovely sunny morning so its good to be alive doing the best job in the world. We are continuing to increase our product range so please take a look at our web site www.gwprice.co.uk and we also sell blue rolls for the kitchens and I am told we are the cheapest in the North of England.
