

FEBRUARY 2020

Good Morning

Every year I always think if we get to the end of February with decent weather we will be ok for Spring, planting the new crops ect. also we will have left the E.U. with new markets across the world accessible to us, Australia, Canada, South Africa all suppliers of 1st class fruit and produce plus still having access to the European markets so all good for our industry. At the moment with the mild weather there is still a good supply of good English produce, at good prices. Over the years this industry as changed so much up to 80's /90's 95% of our business was retail and 5% was catering, but now its completely turned round, 95% catering. One of our biggest sales is sweet potatoes such a versatile vegetable. We sell over 500 different products so just ask for a availability list, you will be surprised and we are very competitive, next month I will have some very exciting news so look out for March newsletter.

OUR VALUES

“ To operate with respect and integrity, whilst delivering excellence and the highest possible standard of service.”

Kind Regards

John Plant JP, MBE

Chairman
